REGULATIONS RELATING TO M.Phil DEGREE

Source: iub.edu.pk/uploads/765/advance-studies-and-research-board/ | Compiled for offline reference

I. GENERAL

1. The M.Phil degree shall be conferred upon students who, after having passed an M.A./M.Sc. examination of this University (or any equivalent recognized examination), have been admitted in accordance with the Regulations of admission framed and notified by the University. To qualify, candidates must:

- (a) Successfully complete an advanced course of study and research of two academic years duration. Course work shall be completed in the first academic year.
- (b) Pass the course work examination.
- (c) Successfully complete a research Thesis (normally completed by end of the second academic year) and pass the viva-voce examination.
- (d) Obtain a minimum of 50% marks in each paper as well as a minimum of 50% marks in the Thesis and viva-voce examination.

2. Each academic year normally begins in October and is of twelve months duration — eight months for teaching and the remaining four months for preparation of examinations.

3. Examinations for theory/practical papers and Thesis shall be held on dates announced by the Controller of Examinations in consultation with the Chairman of the Department concerned and with approval of the Vice-Chancellor.

4. Each student shall be evaluated in each paper on the basis of periodical tests and assignments during course work and the course work examination at its completion. Each paper carries 100 marks: 25% reserved for class tests and assignments, and 75% for the course work examination.

5. In the second year, the research Supervisor shall submit two progress reports (first at the end of the third month, second at the end of the sixth month of the second academic year). If both Thesis reports are unsatisfactory, the student shall cease to be on the rolls of the University.

II. ADMISSION AND REGULATION OF COURSES

6. A person holding an M.A./M.Sc. degree (or equivalent recognized degree) shall be eligible for admission to the M.Phil programme if the candidate:

- (i) Produces a certificate of good conduct/character from the employer (if employed) or the Head of the institution last attended.
- (ii) Has obtained at least 2nd division in M.A./M.Sc. in the relevant subject.
- (iii) Has not been rusticated or expelled by any University or College for misconduct, use of unfair means in examination, or any offence involving moral turpitude.

7. Each candidate for admission shall apply in response to a University advertisement on a prescribed form.

8. Each student shall be admitted on the basis of cumulative merit determined from previous academic record, written test, and interview. The allocation of marks for merit determination is as follows:

Qualification	1st Division	2nd Division	Gold Medal	Silver Medal
B.A/B.Sc./B.Ed.	15	10	—	—
M.A/M.Sc./M.Ed.	20	10	05	03
B.Pharm/Pharm-D/BHMS/BEMS	35	20	05	03
GRE Test Marks	50	—	—	—
Interview Marks	10	—	—	—

Note: The candidate must obtain 50% marks in the written test and interview separately.

9. Each admission shall be approved by the Board of Studies of the concerned department on the recommendations of the Admission Committee, after a candidate qualifies a written test and interview conducted by the Admission Committee.

10. The Admission Committee for each department shall be constituted by the Dean of the Faculty concerned on the recommendations of the Chairman of the Department.

III. ORGANISATION OF TEACHING

11. Teaching for M.Phil shall be conducted in University Departments or constituent Colleges/Institutes through lectures, tutorials, discussions, seminars, field work, practicals, and other methods of instruction approved by the Academic Council and the Syndicate.

12. Teaching in each department shall be conducted by University Teachers or by such other persons permitted by the Vice-Chancellor.

IV. ATTENDANCE

13. Students shall attend all lectures, seminar sessions, field work, laboratory work, etc. as required. A minimum of 75% attendance in each paper separately is required to be eligible for appearing in the course work examination.

V. RESEARCH THESIS AND APPOINTMENT OF SUPERVISOR

14. After successfully completing course work, each student shall work under the supervision of a teacher appointed by the Board of Studies of the concerned department.

15. A Supervisor appointed for the M.Phil Degree must hold a Doctorate, unless otherwise permitted by the Vice-Chancellor on recommendations of the Board of Studies.

16. The research problem shall be approved by the Advanced Studies and Research Board (AS&RB;) on the recommendation of the Board of Studies, and may be assigned by the Supervisor within 30 days of completion of course work.

17. Each student shall submit four typed copies of the Thesis along with the Supervisor's letter of approval to the Controller of Examinations. One copy shall be deposited in the concerned Department Library and one in the Central Library.

18. If a student fails to submit the thesis within three years/six semesters from the date of admission, the Vice-Chancellor may allow a one-year/two-semester extension on the Supervisor's recommendations endorsed by the Chairman. No extension beyond four years shall be granted.

19. A candidate granted extension under Regulation 18 shall submit the thesis and appear in the viva-voce within the extended period, and shall pay charges for use of University facilities as prescribed by the Syndicate, as well as semester dues until the thesis is submitted.

VI. EXAMINATIONS

20. During the M.Phil programme there shall be two examinations: the course work examination and the viva-voce examination. Dates shall be fixed by the Controller of Examinations with approval of the Vice-Chancellor.

21. A student shall be allowed to appear in the course work examination after submitting an Examination Admission Form duly signed by the Chairman of the Department/Director of the Institute/Principal of the College.

22. The viva-voce examination of the Thesis shall be open to a candidate who produces the following certificates at the time of submission of the Thesis:

- (a) Having been on the rolls of a teaching department/Institute/College as a regular student for the prescribed period (or allowed necessary extension).
- (b) Having satisfactorily carried out research work on the approved research problem under the guidance of the Supervisor.
- (c) Having cleared all dues of the University and paid the prescribed examination fee in full.
- (d) Having compiled and presented research work on a topic twice approved by the AS&RB; in the prescribed form.
- (e) Having good character and conduct.

23. A student who has completed requirements in Regulation 22 shall submit an application to the Controller of Examinations for admission to the viva-voce examination.

24. The Thesis shall be examined/evaluated by:

- (i) Two external examiners (for Thesis evaluation) appointed by the Vice-Chancellor from a panel of at least six examiners recommended by the Board of Studies. One external examiner shall be invited for the viva-voce.
- (ii) The Research Supervisor(s) as internal examiner(s).
- (iii) On receipt of satisfactory reports, the candidate appears before a Board of Examiners (one external + internal examiner) for assessment of Thesis and viva-voce in Bahawalpur. The Board shall either accept, defer for re-submission, or reject the Thesis.
- (iv) If the Thesis is found wholly inadequate, external examiners may recommend rejection without further test.

(v) If the Thesis has sufficient merit but is inadequate, examiners may recommend re-submission in revised form within six months of intimation. Semester charges apply.

(vi) In case of difference of opinion, another external examiner shall be appointed whose evaluation shall be final.

VII. ENROLMENT AND DROPPING OUT

25. Total period of enrolment/registration for the M.Phil programme shall not exceed three academic years. The Syndicate may allow a break not exceeding one year (only once) after successful completion of course work, for valid reasons. The candidate must then complete the M.Phil within four academic years.

26. The name of a student shall be dropped from the rolls of the University if:

(a) Attendance requirement of Regulation 13 is not fulfilled.

(b) Student becomes a defaulter in payment of dues within the prescribed time.

(c) Student absents from course work classes for three consecutive weeks. Provided that if the cause is explained to the satisfaction of the Chairman, such student may be re-admitted within ten days on payment of the prescribed fee.

27. A student shall cease to be on rolls at the completion of course work if failing in more than one paper. A student who fails in one paper shall be placed on probation — they may start research work but must re-appear in the failed paper in a special course work examination given three months after declaration of results. A second failure means removal from the rolls.

28. A student shall cease to be a regular student as soon as the two-year registration period expires, but shall remain under University discipline until completion of the viva-voce.

VIII. SETTING OF QUESTION PAPERS AND MARKING

29. The concerned teacher shall give as many periodical tests and assignments as deemed fit during the teaching period, and shall forward the award to the Controller of Examinations through the Chairman at the end of the course work examination.

30. Each written question paper shall provide 25% choice in the number of questions to be attempted. This condition does not apply to any objective-type part of a question paper.

31. One external examiner shall be appointed for setting each written question paper by the Vice-Chancellor from a panel of examiners recommended by the Board of Studies.

32. Each answer book shall be marked by both the external and internal examiner. The answer books shall first be sent to the external examiner for independent marking. If the difference between the two examiners' marks is up to 10% of the maximum marks of the paper, the internal examiner shall finalize the award by averaging the two totals.

33. Each successful candidate shall be awarded the degree of Master of Philosophy.

IX. GRADING

34. A candidate who qualifies the course work and viva-voce examination by securing 65% marks or more shall be placed in the First Class. Those securing less than 65% shall be placed in the Second Class.

X. TUITION FEE AND OTHER FEES/DUES

35. Fees and dues shall be as approved by the Syndicate and notified by the University from time to time.
