

The Islamia University of Bahawalpur

Faculties and Departments

All 15 Faculties and their constituent Departments / Institutes, with expanded detail for
Engineering & Technology and Computing

Source: iub.edu.pk (Faculty pages) | Compiled for offline reference | June 2026

Faculties in this document

1. Faculty of Engineering & Technology (tech)
2. Faculty of Computing (tech)
3. Faculty of Law
4. Faculty of Education
5. Faculty of Chemical & Biological Sciences
6. Faculty of Physical & Mathematical Sciences
7. Faculty of Management Sciences and Commerce
8. Faculty of Social Sciences
9. Faculty of Pharmacy
10. Faculty of Islamic and Arabic Studies
11. Faculty of Arts and Languages
12. Faculty of Veterinary and Animal Sciences
13. Faculty of Agriculture and Environment
14. Faculty of Medicine and Allied Health Sciences
15. Faculty of Online and Distance Education

1. Faculty of Engineering & Technology

Dean: Prof. Dr. Muhammad Amjad | Contact: dean.engineering@iub.edu.pk | 0092 62 9255474

The University College of Engineering & Technology (UCET) was established in 1999 as a constituent college of The Islamia University of Bahawalpur and acquired the status of Faculty of Engineering in 2019. The faculty provides engineering education for students of the country in general and Southern Punjab in particular.

The faculty offers undergraduate degrees in Electronic, Computer Systems, Electrical (Power), Electrical (Communication), and Civil Engineering disciplines, with master's degrees in Electronic, Computer Systems, and Electrical Engineering. A PhD Engineering program was launched in 2019. A PC-1 for establishment of a Mechanical Engineering department has been approved by HEC. All undergraduate engineering programs are accredited by the Pakistan Engineering Council (PEC).

The faculty has 62 faculty members (majority PhDs) teaching around 800 students across undergraduate and graduate engineering programs. Infrastructure includes well-equipped laboratories, a library with more than 40,000 engineering books, and computing labs with more than 400 modern computers.

Vision & Mission

Vision: To transform the Faculty of Engineering into a regional center of excellence in knowledge, research, and innovation, contributing to Pakistan's long-term socio-economic development goals.

Mission: To achieve academic excellence through continual pursuit of education, learning, research, and skill development, serving national interests and the region's socio-economic needs, while inspiring leadership and entrepreneurial skills in students.

Program Learning Outcomes (PLOs)

- **PLO 1:** Engineering Knowledge — applying mathematics, science, and engineering fundamentals to complex engineering problems.
- **PLO 2:** Problem Analysis — identifying, formulating, and analyzing complex engineering problems using first principles.
- **PLO 3:** Design/Development of Solutions — designing systems and processes that meet specified needs with appropriate safety and societal considerations.
- **PLO 4:** Investigation — methodical investigation including literature survey, experiment design, and data analysis.
- **PLO 5:** Modern Tool Usage — applying modern engineering and IT tools, with an understanding of their limitations.
- **PLO 6:** The Engineer and Society — assessing societal, health, safety, legal, and cultural responsibilities of engineering practice.
- **PLO 7:** Environment and Sustainability — understanding the impact of engineering solutions on environment and sustainable development.
- **PLO 8:** Ethics — applying ethical principles and professional responsibilities of engineering practice.
- **PLO 9:** Individual and Team Work — working effectively in individual and multidisciplinary team settings.

- **PLO 10:** Communication — communicating effectively on complex engineering activities, orally and in writing.
- **PLO 11:** Project Management — applying engineering and management principles to manage projects in multidisciplinary environments.
- **PLO 12:** Lifelong Learning — recognizing and pursuing lifelong learning amid technological developments.

Departments / Institutes

- Department of Information and Communication Engineering
- Department of Electronics Engineering
- Department of Civil Engineering
- Department of Computer Systems Engineering
- Department of Electrical Engineering
- Center of Renewable Energy System
- Department of Architecture
- Department of Aviation Sciences and Technology
- Sir Sadiq Institute of Technology

2. Faculty of Computing

In-Charge: Prof. Dr. Dost Muhammad Khan | Contact: dean.computing@iub.edu.pk | 0092 62 9255466

The Faculty of Computing is among the most popular faculties of the university, producing skillful and practical professionals to meet emerging international trends in Computer Science, Information Technology, Artificial Intelligence, Internet of Things (IoT), Software Engineering, Information Security, and Data Science.

Current research interests of faculty members include smart systems, image analysis, text and data mining, big data analytics, cloud/fog/edge computing, blockchain, cyber security, machine learning algorithms, AI tools, and digital forensic investigations, with strong interaction with industry and other organizations.

The Faculty of Computing comprises six core departments and offers BS, MS, and PhD programs in almost all departments based on their field of expertise. Graduates have been hired by the country's top academic institutions, organizations, industries, and software houses.

Departments / Institutes

- Department of Statistics
- Department of Computer Science
- Department of Information Technology
- Department of Artificial Intelligence
- Department of Data Science
- Department of Information Security
- Department of Software Engineering

3. Faculty of Law

Dean: Prof. Dr. Rao Imran Habib | Contact: law@iub.edu.pk

Established under the Islamia University Act 1975, the Faculty of Law preserves the legacy of Jamia Islamia Bahawalpur and provides legal education covering Law, Shariah, and Criminology, with plans to expand into broader national and international legal disciplines.

Departments / Institutes

- Department of Law
- Department of Shariah and Law
- Department of Criminology

4. Faculty of Education

Dean: Prof. Dr. Irshad Hussain | Contact: dean.education@iub.edu.pk

The Faculty of Education emphasizes character building, moral values, and academic excellence, with a curriculum continually reformed through research across general, special, and early childhood education disciplines.

Departments / Institutes

- Department of Education
- Department of Educational Training
- Department of Physical Education and Sports Sciences
- Department of Special Education
- Department of Early Childhood Education
- Department of Educational Leadership and Management
- Department of Educational Research and Evaluation
- Department of Language Education

5. Faculty of Chemical & Biological Sciences

In-Charge: Prof. Dr. Muhammad Saleem | Contact: dean.science@iub.edu.pk | 0092 62 9255481

Comprises six departments forming the backbone of research and teaching in biochemistry, biotechnology, bioinformatics, botany, chemistry, and zoology, with priority on interdisciplinary collaboration and research output.

Departments / Institutes

- Institute of Bio-Chemistry, Bio-Technology and Bioinformatics
- Department of Botany
- Institute of Chemistry
- Department of Zoology

6. Faculty of Physical & Mathematical Sciences

Dean: Prof. Dr. Ghulam Mustafa | Contact: ghulam.mustafa@iub.edu.pk | 0092 62 9255480

Established in 2019 as part of the university's administrative restructuring, this faculty covers Geography, Mathematics, and Physics (with 11 disciplines under the Institute of Physics), attractive both for career prospects and scientific research impact.

Departments / Institutes

- Department of Geography and Geoinformatics
- Department of Mathematics
- Institute of Physics

7. Faculty of Management Sciences and Commerce

Dean: Prof. Dr. Jawad Iqbal | Contact: management.science@iub.edu.pk | 0092 62 9255538

Provides learning and research opportunities for undergraduate and postgraduate students in commerce, accounting, finance, and business/administrative sciences, preparing students for further education and entry into business and economic development roles.

Departments / Institutes

- Department of Commerce
- Department of Accounting and Finance
- Institute of Business Management and Administrative Sciences (IBMAS)

8. Faculty of Social Sciences

Dean: Prof. Dr. Rubina Bhatti | 0092 62 9255474

Offers a multidisciplinary teaching and research environment addressing regional and global socioeconomic, cultural, and societal challenges, with alumni spread across public and private sector institutions nationally and internationally.

Departments / Institutes

- Department of Applied Psychology
- Department of Economics
- Department of International Relations
- Department of Information Management
- Department of Media Studies
- Department of Social Work
- Department of Sociology
- Department of Anthropology
- Usman Buzdar School of State Sciences

9. Faculty of Pharmacy

Incharge/Dean: Prof. Dr. Qaiser Jabeen | Contact: dean.pharmacy@iub.edu.pk | 0092 62 9255565

Focused on pharmaceutical education, scientific discovery, and personalized medicine, preparing the next generation of pharmacists and researchers across six specialized departments.

Departments / Institutes

- Department of Pharmacy
- Department of Pharmaceutical Chemistry
- Department of Pharmacology
- Department of Pharmaceutics
- Department of Pharmacognosy
- Department of Pharmacy Practice

10. Faculty of Islamic and Arabic Studies

Dean: Prof. Dr. Sheikh Shafiq-ur-Rehman | Contact: dean.islamic@iub.edu.pk | 0092 62 9255452

Custodian of the legacy of Jamia Abbasia, offering undergraduate through doctorate programs in Arabic language, Quranic studies, translation studies, Hadith, Fiqh, and World Religions & Interfaith Harmony.

Departments / Institutes

- Department of Arabic
- Department of Islamic Studies
- Department of Hadith
- Department of Quranic Studies
- Department of World Religions and Interfaith Harmony
- Department of Fiqh and Shariah
- Department of Translation Studies

11. Faculty of Arts and Languages

Dean: Prof. Dr. Syed Amir Sohail | Contact: dean.arts@iub.edu.pk | 0092 62 9255464

Combines intellectual stimulation with broad humanities education across literature, history, languages, philosophy, and the arts, developing critical inquiry skills for a complex world.

Departments / Institutes

- Department of English Literature
- Department of History
- Department of Pakistan Studies
- Department of Persian
- Department of Siraiki
- University College of Art and Design
- Department of Urdu
- Department of English Linguistics
- Department of Philosophy
- Department of Iqbal Studies
- Department of Archaeology

12. Faculty of Veterinary and Animal Sciences

Dean: Prof. Dr. Muhammad Khalid Mansoor | Contact: ucvas@iub.edu.pk | 0092 62 9255567

Focused on Veterinary Medical Education, patient care, community outreach, and research, positioned as a leader in "One Health" addressing diseases shared between humans and animals, partnering with Punjab's Livestock and Dairy Development Department.

Departments / Institutes

- Department of Pathology
- Department of Clinical Medicine and Surgery
- Department of Livestock Management
- Department of Anatomy and Histology
- Department of Physiology
- Department of Pharmacology and Toxicology
- Department of Microbiology
- Department of Parasitology
- Department of Epidemiology and Public Health
- Department of Theriogenology
- Department of Animal Nutrition
- Department of Animal Breeding and Genetics
- Department of Poultry Science

13. Faculty of Agriculture and Environment

Dean: Prof. Dr. Tanveer Hussain Turabi | Contact: agriculture@iub.edu.pk | 0092 62 9255531 | Baghdad-ul-Jadeed Campus

One of Pakistan's leading agricultural institutions, with market-oriented programs and a strong research reputation aimed at sustaining food security, protecting environmental health, and stewarding agricultural resources.

Departments / Institutes

- Cholistan Institute of Desert Studies
- Department of Agronomy
- Institute of Forest Sciences
- Department of Plant Breeding and Genetics
- Department of Entomology
- Department of Horticultural Sciences
- Department of Plant Pathology
- Department of Food Science and Technology
- Institute of Agro-Industry and Environment
- Department of Agriculture Extension
- Department of Farm Management
- Institute of Soil and Water Resources
- National Cotton Breeding Institute
- National Research Center of Inter Cropping
- Cholistan Fruit Search Institute
- Cut Flower and Vegetable Research and Training Cell
- Agri Community College

14. Faculty of Medicine and Allied Health Sciences

Incharge/Dean: Prof. Dr. Qaiser Jabeen

Originally established in 1975 and revitalized in 2020, home to three colleges (Conventional Medicine, Sir Sadiq Muhammad Khan Abbasi Postgraduate Medical College, and Nursing), with newer departments added in response to evolving healthcare needs.

Departments / Institutes

- University College of Conventional Medicine
- Department of Physical Therapy
- Sir Sadiq Muhammad Khan Post-Graduate Medical College
- University College of Nursing
- Department of Human Nutrition and Dietetics
- Department of Medical Laboratory Technology
- Department of Forensic Science
- Department of Public Health
- Department of Homoeopathic Medical Sciences

15. Faculty of Online and Distance Education

Dean: Prof. Dr. Nasreen Akhtar

Provides flexible distance learning through the Institute of Distance Education, offering BS (after 12 years education), BS ADP (5th Semester after 14 years education) in various disciplines, and B.Ed teacher training programs (1.5 years, including Special Education).

Departments / Institutes

- Institute of Distance Education
